Attention Children's Behavioral Health Providers: Changes to OCFS Reportable Events Requirements and Updated Reportable Events Matrix

The Office of Child and Family Services has updated the Reportable Events Matrix to reflect a change in the timeframe Reportable Events are required to be submitted. All Reportable Events are now required to be submitted into the Enterprise Information System (EIS) **within 72 hours** of the event. This does **NOT** apply to Reportable Events requiring a 4-hour call. Please refer to the Reportable Events Matrix [here](#) for further information.
