## Shellfish Harvesting Area Classification – Notification of Changes

June 21, 2023

### This notice is in effect until repealed or replaced

Under the authority of 12 M.R.S.A. § 6172; the Commissioner has made the following changes to Growing Area WZ, North Haven, Vinalhaven, and Matinicus; this notice reclassifies the North Haven salt pond from Restricted and Conditionally Approved based on one-inch of rainfall in a 24-hour period to Conditionally Approved based on three-quarters inch of rainfall in a 24-hour period due to water quality in the conditional area no longer meeting the approved standard during the open status. An interactive map that allows the user to zoom in to specific areas can be found on the ME DMR website:

<https://www.maine.gov/dmr/fisheries/shellfish/shellfish-closures-and-aquaculture-leases-map>. All existing pollution and biotoxin closures remain in effect.

The boundary descriptions of the area are as follows (struck text is being removed and underlined text is being added):
