#### Last Updated 2/8/2024

2023\* data are preliminary

\*The 2002 & 2003 landings may possibly reflect the increased effort by DMR to collect voluntary landings from some lobster dealers; caution is advised when comparing these numbers to previous years. Lobster reporting became mandatory in 2004 for all Maine dealers buying directly from harvesters, so caution is advised when comparing these landings to previous years.

1981-1995 traps are calculated by estimate of active boats and estimate of mean traps per harvester

1996-2021 traps are taken from number of trap tags sold

†Number of license holders include only commercial licenses that can hold traps
