Instructions for calculating Maine income Modifications for purposes of alternative minimum tax

Additions

Line 1. Income taxes imposed by Maine or any other state. Maine does not permit a deduction for income taxes imposed by Maine or any other state. Enter income taxes taken as a deduction on federal Form 1120 that are also deducted in calculating federal alternative minimum taxable income ("AMTI") on Form 4626, line 7. However, to the extent claimed federally, Maine does allow a deduction for the Ohio Commercial Activity Tax, the Texas Franchise Tax, and the portions of the Michigan Business Tax that are not based on income.

Line 2. Unrelated expenses. If the corporation listed on Form 1120ME is part of a federal consolidated group, but filing separately for Maine and is not a member of a unitary business group, any expenses incurred by the corporation on behalf of subsidiaries or other members of a group that are not included on this return must be added back to the extent that those expenses are included in Form 4626, line 7. Attach supporting schedules.

Line 3. Interest from state and municipal bonds other than Maine. Enter the amount from Maine Form 1120ME, line 4c, less interest from private activity bonds already included in federal AMTI. This is interest from municipal and state bonds and private activity bonds, other than Maine, that are not included in your Federal AMTI. For example, enter interest from City of New York bonds on this line. However, do not enter interest from Portland, Maine bonds (see Figure 1 below).

Line 4. Net operating loss adjustment. (See 36 M.R.S.A. § 5200-A). Enter on this line the amount of Maine income addition modification that was previously offset by a federal alternative tax net operating loss deduction. For example, if a taxpayer's alternative tax net operating loss ("ATNOL") for 2010 (year of the loss) was \$1,000, all carried over to 2011, and the taxpayer had \$500 of Maine addition modifications in 2010, \$500 of the ATNOL deduction for 2011 must be added back. Also, enter on this line any amount included in federal ATNOL deduction relating to amounts carried back to this tax year. For example, if the taxpayer has an ATNOL of \$1,000 in 2013, the year of the loss, and that amount is carried back to the 2012 tax year, the \$1,000 must be added back on this line for 2012. The amount of the add-back can be recovered in future tax years. For more information on Maine's treatment of NOLs, go to www.maine.gov/revenue/forms (select Income Tax Guidance Documents).

Line 5. Maine capital investment credit bonus depreciation add-back: The Maine Capital Investment credit is available to businesses that place depreciable property in service in Maine during a taxable year beginning in 2011 or 2012. Enter on this line the bonus depreciation claimed on the federal return relating to property for which the Maine Capital Investment credit is claimed.

Line 6. Bonus depreciation add-back. Enter on this line the amount from Form 1120ME, line 4f. For more information on this modification, see Form 1120ME, line 4f instructions and the MRS web site at www.maine.gov/revenue/forms (select Income Tax Guidance Documents, and then select Maine Income Modifications Related to Bonus Depreciation and Section 179 Expense).

Line 7. Other. Include on this line the following items:

- Ownership interest in a pass-through entity financial institution. Enter any loss or deduction included in federal AMTI attributable to an ownership interest in a pass-through entity financial institution.
- Domestic production activities deduction add-back. Federal taxable income must be increased by the amount claimed as a domestic production activities deduction. Enter the amount from federal Form 1120, line 25.
- High-technology credit add-back. Enter the high-technology investment credit base also claimed as a business expense for purposes of calculating federal AMTI.

Subtractions

Line 9. Nontaxable interest. To the extent included in federal AMTI and net of related expenses, enter interest on U.S. bonds, U.S. Treasury notes, or other obligations of the U.S. government which, by law, are exempt from state taxes, but taxable by the federal government. Also include interest from bonds issued by the State of Maine or Maine municipalities if included in federal AMTI. Include on this line interest from Maine private activity bonds included in alternative minimum taxable income. Taxpayers may subtract from federal AMTI interest income and capital gains from the sale of bonds issued by the Maine Waste Management Agency to the extent included in federal AMTI on Form 4626, line 7 (see Figure 1 above).

Line 10. Foreign dividend gross-up. Enter the amount from federal Form 1120, Schedule C, line 15.

Line 11. Work Opportunity Credit/Empowerment Zone Credit deduction. Enter on this line an amount equal to your federal Work Opportunity Credit salaries and wages deduction and/or federal Empowerment Zone Credit salaries and wages

deduction (from Maine Form 1120ME, line 2c) to the extent allowed against federal AMT.

Line 12. Income not taxable under the Constitution of Maine or the U.S. Enter income this state is prohibited from taxing under the Constitution or laws of the United States or the Constitution of the State of Maine, to the extent included in federal AMTI. The amount entered on this line must be decreased by any expenses incurred in the production of that income to the extent that these expenses are deductible in determining federal AMTI. Attach a worksheet detailing the amount claimed on this line.

Line 13. Dividends from certain affiliated corporations. Enter 50% of the apportionable dividend income the taxpayer received during the taxable year from an affiliated corporation that is not included with the taxpayer in a Maine combined report. Dividends must be included on Form 4626, line 7. In order to be affiliated, a corporation must be more than 50% owned. Although this may include domestic entities, most affiliated corporations not included in a combined report are foreign entities.

Line 14. Net operating loss carryover. If you have an Alternative Minimum Tax (AMT) net operating loss for tax years ending in 2001 or later that was carried back for federal purposes, but added back to Maine AMT income under §§ 5200-A(1)(H) or 5200-A(1)(M), you are allowed a deduction on this line equal to the amount of the income addition required for Maine income tax purposes. The deduction must be within the allowable NOL carryforward period plus the number of years the carryforward was denied under §§ 5200-A(2)(H)(5) or 5200-A(2)(L)(5). The deduction cannot reduce Maine AMT taxable income to less than zero and must not have been previously used as a modification.

If you have an AMT net operating loss carryforward that was limited under § 5200-A(1)(U) for tax years beginning in 2008 or denied under § 5200-A(1)(V) for tax years beginning in 2009 through 2011, you are allowed a deduction on this line equal to the amount of the AMT income addition required for Maine income tax purposes. The deduction must be within the allowable NOL carryforward period plus the number of years the carryforward was limited or denied under §§ 5200-A(1)(U) or 5200-A(1)(V) and 5200-A(2)(T). The deduction cannot reduce Maine AMT taxable income to less than zero and must not have been previously used as a modification.

For more information and examples, go to www.maine.gov/revenue/incomestate and select Guidance Documents.

Line 15. Income from ownership interest in pass-through entity financial institutions subject to Maine Franchise tax. Financial institutions are subject to Maine's franchise tax, regardless of organizational structure. If federal AMTI includes income from ownership of a financial institution that is a pass-through entity (partnership, S corporation, entity disregarded as separate from its owner), enter the amount on this line. Attach federal Schedule K-1 reporting this amount.

Line 16. State income tax refunds. Enter the amount of state income tax refunds from Form 1120ME, line 2h and included in federal AMTI provided the amount has already been taxed by Maine. This modification may not reduce Maine AMTI to less than zero, and the amount refunded from this state or another state must not have been previously used as a modification. Any unused portion of the modification may be carried forward 20 years.

Line 17. Bonus depreciation/section 179 expense recapture. The recapture amount claimed in any year is based on the addition modification for which the recapture relates. The recapture amount for minimum tax is the same as the recapture amount as calculated for regular tax on Form 1120ME, line 2i. For more information, go to the MRS web site at www.maine.gov/revenue/forms (select Income tax Guidance Documents and then select Maine Income Modifications Related to Bonus Depreciation and Section 179 Expense).

Line 18. Other. Include on this line the following items:

- Northern Maine Transmission Corporation adjustment. Income, including gain from sale of bonds, notes or other evidences of indebtedness and any other income or money of the Northern Maine Transmission Corporation are exempt from state income tax (see 10 M.R.S.A. § 9205). Enter only if included in federal AMTI.
- Gain on sale of multifamily affordable housing. This modification equals the total of capital gains and ordinary income resulting from depreciation recapture pursuant to Code sections 1245 and 1250 realized on the sale of multifamily affordable housing property. Enter amount included in federal AMTI. Qualified property must be certified by the Maine State Housing Authority ("MSHA"). A copy of the MSHA certificate must be attached to the return.
- Discharge of indebtedness. Enter on this line income recognized at the federal level through the deferral of income from the discharge of indebtedness claimed as a Maine income modification in 2009 or 2010. Generally, the recognition of this income is deferred until 2014 for federal tax purposes. In no event may the aggregate amount claimed on this line exceed the total addition modifications claimed for 2009 and 2010 under 36 M.R.S.A. § 5200-A(1)(W) related to the deferral under the Code section 108(i).
- Seed Capital Investment Tax Credit. Enter on this line, to the extent included in federal AMT taxable income, the refundable portion of the seed capital investment tax credit under § 5216-B received by, or from, a private venture capital fund.
